Wesam Ghrayeb

Karmiel, IL   0585-291-291   Software Engineer   il.linkedin.com/in/wesam-ghrayeb

SUMMARY

Software Engineer with three Dean's Honors, experienced in software project work. Junior Full-Stack Developer skilled in designing and building scalable web applications using modern technologies, including Java, React js, and Mongo DB.

EXPERIENCE

Web Developer | WJS Digital Innovations Ltd   **07/2024 to Present**

- Worked on Wix and MERN stack projects, including an e-commerce site with 30,000+ car parts
- Customized templates, managed product data, and implemented SEO
- Built business showcase websites, focusing on clean design, responsive layout, and user-friendly navigation to meet client branding and business goals
- Worked on PRIORITY, automating workflows and creating user-defined screens and reports
- Wrote procedures (PROC) and triggers
- Integrated third-party systems via APIs or web services

Instructor | Teaching   **05/2021 to Present**

- Taught C, Python, and mathematics courses to academic students, providing hands-on programming and problem-solving skills
- Instructed high school students in computer science, physics, and mathematics

EDUCATION

B.Sc, Software Engineering | Ort Braude College   **2019 to 2023**

Recognized with three Dean's Honors for academic excellence. Developed strong expertise in software engineering principles, with a focus on full-stack development using Java, MySQL, and React js.

Priority Development | In-Line College   **2025 to Present**

Learned to customize Priority ERP: forms, procedures, triggers, APIs, and business logic to build tailored solutions and automate workflows.
